A DRIVE AGAINST AUSTERITY — A general strike by nearly 500,000 French workers, protesting President Charles de Gaulle's economic austerity program, left Paris with scenes like this jammed road. The nation's unions are trying to force De Gaulle to drop his policy of holding the line against substantial wage hikes.

No Increase Will Be Made In Community Fund Appeal

A 1961-62 campaign goal of \$32,300, the same amount as last year, was approved by trustees of the Pickaway County Community Fund at a special meeting last night in Probate Court chambers.

The trustees adopted the figure after detailed consideration of a report submitted by the fund's budget committee and consultation with representatives of the six community service agencies operated with Community Fund grants.

Dr. Robert L. Burton, fund president,

listed the following appropriations:

Red Cross — \$14,795, no increase in budget was requested by chapter officials. Activities will continue at the same level. The amount was approved.

SALVATION ARMY — \$3,900, or an increase of \$400 was requested by the Cincinnati SA office. Expenditures locally for the past year were not fully documented, so a \$150 increase to \$3,650 was granted.

Boy Scouts — Scouting activity has greatly expanded in this area in the last year. Scout officials feel that the program, however, can operate on a budget of \$4,500, the same as last year. This was approved, along with a vote of commendation for the outstanding local Scout program.

Girl Scouts — The request was for \$3,500, an increase of \$300. In view of the regular increases the Girl Scout allocation has received the last two years, an increase of \$200, to \$3,400 was approved.

Youth Canteen — No formal budget request was made during budget committee meetings. A subsequent request for an increase of \$225 was made but it was recommended and approved that \$4,050, the same as last year, be granted.

Well - Child Clinic — A \$500 increase to \$2,000 was requested. The trustees commended the clinic for its outstanding work and, in keeping appropriations in line, granted an increase of \$300 to \$1,800.

In deciding not to increase the goal of the drive, trustees agreed that the local economy is not quite as strong as last year and

Baccalaureate Services Scheduled for Graduates

Eight Pickaway County Schools have scheduled Baccalaureate services for their graduating seniors this week.

Most of the pre-commencement religious services are slated for 8 p. m. Sunday in school auditoriums and various churches throughout the county.

Circleville High School Baccalaureate service is the last one on the schedule. It is set for May 28 in the school gymnasium, with the Rev. Paul Wachs, First Methodist Church, delivering the sermon.

Solon Decries Welfare Cut 'Propaganda'

COLUMBUS, Ohio (AP) — Republican House Speaker Roger Gooden today accused Welfare Director Mary Gorman with issuing irresponsible propaganda that the appropriations bill cuts approved by the House will reduce grants to individuals receiving state aid.

"Any such cuts will be made at the whim and upon the responsibility of the director of the department of welfare," Gooden blurted in a prepared statement.

"Apparently the intended effect of the sketchy and inflammatory information has been to create tremendous pressure upon the Senate Finance Committee to restore to the appropriations bill made by the House in its consideration of the bill," Gooden asserted in a statement which also was signed by Majority Leader Robert Taft Jr., R-Hamilton, and Finance Committee Chairman Ralph Fisher, R-Wayne.

The speaker declared the Republican-controlled House approved an increase of \$15 million for welfare purposes above the \$250 million appropriated for the same purposes two years ago by a Democratic legislature. That, he said, was about half the increase Democratic Gov. Michael V. DiSalle had requested for the department.

The figures, on their face, belie any conclusion that welfare services or grants under various programs will have to be reduced, he asserted.

Korean Figurehead President Resigns

SEOUL, South Korea (AP) — President Yun Po-sun has resigned, a presidential secretary announced today. The development was reported as military rule prevailed again in South Korea for the first time since Syngman Rhee was ousted last year.

A statement issued to newsmen over Yun's name said "I regret that I made so little contribution to the nation that a military revolution has occurred."

Yun was the only constitutional official left in office after a military coup this week seized power and forced the resignation of Premier John M. Chang.

Yun's resignation, which was confirmed by spokesmen reached by telephone at the presidential palace, followed by one day Premier Chang's capitulation and resignation.

Under the South Korean form of government, the premier exercised the real ruling power and the president was a figurehead chief of state.

In a Korean crisis such as this week's uprising, it is traditional for the leading figures to step aside in penance.

The nation's military chiefs had arrested 930 suspected leftists and imposed stringent censorship.

Lt. Gen. Chang Do-young, chief of the military junta that seized power in a 62-hour revolt, expressed confidence that the U. S. government—despite its local representatives' opposition to the coup—"will cooperate with us and support us more positively than ever before."

The 38-year-old general, still in combat fatigues, told newsmen those arrested will be "properly dealt with after careful investigation."

The general did not give any names, but most were thought to be Socialists with moderate to extreme left leanings. The Communist party is outlawed in this nation of 23 million and its operation is underground.

Chang said deposed Premier John M. Chang and his cabinet ministers were at their homes and under house arrest. They will be subject to severe punishment, he said, "if any serious crimes by them are uncovered."

Chang said he based his forecast of good relations between the U. S. government and his regime on the fact that "our armed forces... have had closer relations with U. S. authorities than any other Korean agency."

In Washington, Undersecretary of State Chester Bowles said the United States can hardly cheer at the upsetting of a constitutional

government" but that he thought the new regime would be recognized.

A spokesman for the U. S. operation mission, which this year will dispense some \$200 million in aid to South Korea, said work was resumed Thursday on all projects on the planning boards or under construction.

As censorship was broadened, Korean radio stations were ordered to quit relaying the Voice of America's twice-a-day news programs in the Korean language. The object was to keep any criticism of the military government from the people.

Newspapers were carefully checked by censors. Anything critical of the army revolt was deleted from both local stories and dispatches from overseas. The papers also were ordered to quit publishing blank or scarred spaces to indicate censored matter.

U.S. Railroads Face Walkout

Yardmasters Action Could Tie Up All Lines

CHICAGO (AP) — A strike against the nation's railroads has been called for Monday by the Railroad Yardmasters of America. But a spokesman for the carriers says there will be no walkout for at least two months.

Milton G. Schoch, president of the nonoperating union representing some 5,000 workers who make up the trains, said the work stoppage could tie up the nation's major railroads. Schoch confirmed the strike call Thursday night but declined to disclose issues in the dispute.

A spokesman for the railroad, however, said the dispute involved wages and work rules and would go before an emergency board under procedures of the National (railway) Labor Act. Such action normally delays a strike by at least 60 days.

Theodore M. Short, chairman of the Western Carriers Conference, said he expected an emergency board to be named by the President would meet in Washington Tuesday. He said he had received unofficial notice to that effect.

Short, asked if he thought the President would appoint an emergency board, said: "Oh, yes, I'm not worrying." He did not elaborate.

The rail spokesman said initial negotiations between the railroads and the union broke down last year. Then, as specified by law, negotiations resumed under auspices of the National Mediation Board.

The board proffered arbitration March 16, but the yardmasters, one of 16 nonoperating unions, declined. The brotherhood, in addition to a wage hike, is seeking work rules changes. The carriers also are asking changes in work rules and an increase in pay.

Vienna Talks Arranged for June 3 and 4

White House Says No Effort Planned To Reach Agreement

WASHINGTON (AP)—President Kennedy and Premier Nikita S. Khrushchev will meet in Vienna June 3 and 4 for a "general exchange of views" on major world issues, the White House announced today.

The announcement ruled out any effort to reach agreement on "the major international problems that involve the interest of many other countries."

"The meeting will, however, afford a timely and convenient opportunity for the first personal contact between them (Kennedy and Khrushchev) and a general exchange of views on the major issues which affect the relationship between the two countries," the announcement said.

Announcement of the meeting was made simultaneously in Washington, Moscow and London.

It disclosed officially what had been rumored for some time — that after a meeting with French President Charles de Gaulle in Paris May 31-June 2, the President would go directly to Vienna.

White House press secretary Pierre Salinger said Kennedy will make the trip on the morning of June 3. It is approximately a two-hour flight.

The announcement said the agreement to meet in Vienna followed "discussions through diplomatic channels which began last March and an exchange of communications."

Soviet Ambassador Mikhail Menshikov called on Kennedy last Tuesday and delivered a message from Khrushchev.

Messages have gone back and forth between the White House and the Kremlin since Kennedy was inaugurated Jan. 20.

The announcement confirmed earlier word from informants here that Kennedy considered the talk with Khrushchev should be private and completely informal and should not involve actual negotiations since most of the important issues of the cold war are matters of great concern to many other governments.

"The President and Chairman Khrushchev understand that this meeting is not for the purpose of negotiating or reaching agreement on the major international problems that involve the interest of many other countries."

Repatriation Plane Awaited From Cuba

MIAMI, Fla. (AP)—A planeload of Americans is due here late today from Cuba, where many had been real or virtual prisoners of the turbulent Fidel Castro regime.

Instead of the rum and night club souvenirs of happier days, these repatriates will bring home memories of armed militiamen confiscating their property or hazing them into jails.

Their exit from Havana is being expedited by the Swiss Embassy, which represents the United States in Cuba since the U. S. break in diplomatic relations with Castro's revolutionary government.

A host of other Americans, eager to quit Cuba, still had frustrating hurdles to clear in the shape of permits to leave. Lack of credentials acceptable to Castro officials was a common complication.

Today's special repatriation flight of Pan American World Airways is expected to take some of the pressure off accommodations in embassies at Havana, which have sheltered numerous Americans since the abortive April 17 invasion of Cuban exiles with U. S. support triggered a crackdown on U. S. citizens throughout Cuba.

Some of the Americans who didn't reach embassy protection were held in jail or in makeshift concentration points. Their homes and business offices were ransacked.

Laos Truce Panel Set To Take Over

GENEVA, Switzerland (AP)—The East-West conference on Laos today rushed a message to the truce commission in that Southeast Asian trouble spot asking what it needs to supervise the cease-fire there.

Indian delegate V. K. Krishna Menon told newsmen he understood the United States, Britain and the Soviet Union were ready to help out the truce teams with planes, helicopters and other equipment.

India is chairman of the three-nation commission, Poland and Canada the other members.

Menon said Indian and Canadian pilots could fly the Western aircraft and Poles the Soviet machines.

East and West delegates ap-

proved the move to tighten the shaky truce in Laos. Both sides had charged Thursday that the rival factions in that country were violating the cease-fire.

British Foreign Secretary Lord Home and the Soviet Union's Andrei A. Gromyko, as cochairmen of the conference, discussed ways to strengthen the truce commission's hand.

They included proposals for reinforcing the commission with more money and manpower; swiftly providing a fleet of airplanes, helicopters, cars, trucks and communications equipment; calling for countrywide surveillance of the uneasy cease-fire.

The initiative for the conference's crash program to buttress the international commission came from Canadian Foreign Minister Howard C. Green, who urged for speed and said the commission could not properly check the truce without its own fully self-contained system of transportation, communications and maintenance.

Meanwhile, the Western Big Three shaped up a new plan designed to rid the troubled kingdom of the North Vietnamese who they claim turned the tide of battle in favor of the Pathet Lao rebels.

The United States, Britain and France also were weighing a proposal to spell out definite international guarantees for any agreement neutralizing the Southeast Asian kingdom.

France will submit the plan to oust the North Vietnamese Communists. The proposal will be part of a detailed document setting forth arrangements for buttressing peacemaking machinery in the war-torn jungle country.

U. S. Secretary of State Dean Rusk insisted Thursday American military advisers would quit Laos only if the North Vietnamese leave also.

Cuban Exiles Are All for 'Dozer Deal'

MIAMI, Fla. (AP)—Cuban exiles today favored taking up Fidel Castro's offer to free invasion captives for 500 American bulldozers, but they differed on who should do it.

An anti-Castro schoolteachers organization pledged \$800—\$1 for each member—Thursday toward buying the bulldozers. It scheduled a Saturday meeting to form a prisoners exchange committee.

The Revolutionary Schoolteachers Directorate said, "We accept Fidel Castro's challenge, but it will not be President Kennedy but the people of Cuba who will send the bulldozers."

A Cuban editor in exile had a different reaction. Sergio Carbo, editor of Prensa Libre, said the United States should take up Castro's offer at once.

"All free citizens of the Americas have faith that Mr. Kennedy will take Castro's offer into consideration without delay," Carbo said.

Cuba holds about 1,000 men, mostly Cuban exiles, captured in the abortive April 17 invasion.

Equipment dealers say 500 bulldozers would cost \$6 million to \$27 million, depending on the model chosen.

Jose Miro Cardona, president of the Cuban Revolutionary Council which recruited the invasion force asked the International Red Cross to look into the Castro proposal.

Groundhog Hunter Cited in Boy's Death

NEWARK, Ohio (AP) — Glen Mitchell 27, of Buckeye Lake, has been bound to the September Licking County Grand Jury on a manslaughter charge involving the death last week of 13-year-old John E. Shelly of Thornville.

Mitchell and a companion had been hunting for groundhogs and saw a movement in the grass. Authorities said Mitchell fired, a bullet striking the boy in the throat. The boy, also hunting, had been on his stomach in tall grass.

many other countries," the announcement said.

"The meeting will, however, afford a timely and convenient opportunity for the first personal contact between them and a general exchange of views on the major issues which affect the relationship between the two countries."

That wording was wide enough to cover every major problem, present or imminent, in the world now—the deadlocked nuclear test talks at Geneva, the crisis in Southeast Asia, the future of the United Nations, the long dispute over West Berlin, the nuclear weapons race, disarmament, and many others.

The announcement did not emphasize a need for discussion of any topic or group of topics although it is understood that Kennedy intends to concentrate primarily on trying to get Khrushchev to modify the Soviet position on the nuclear test talks and thereby open new hope for some agreement.

Diplomatic officials say privately Kennedy's primary interest in meeting Khrushchev is to try through direct personal diplomacy to save the Geneva negotiations on nuclear weapons test ban. The talks among the United States, Britain and the Soviet Union have been deadlocked for many weeks.

In addition, the President is said to feel that it would be useful for him at this time to make clear to Khrushchev that in spite of U. S. reverses in Cuba and Laos the United States is determined to stand by commitments to prevent free nations from being taken over by international communism.

Kennedy met Thursday with former Secretary of State Dean Acheson, who is advising him on NATO policies; Assistant Secretary of State Foy Kohler; Charles E. Bohlen, the State Department's top expert on Soviet affairs; and McGeorge Bundy, the President's special assistant for international security affairs.

The President has scheduled a National Security Council meeting for this afternoon.

Rotary Hears Alaska Talk

The potential of natural resources in Alaska was the subject of an interesting talk presented to the Circleville Rotary Club yesterday by Dr. Richard J. Lund of the Battelle Memorial Institute, Columbus.

Dr. Lund told of the Battelle survey of Alaska, made for the U. S. Government. Much of the talk centered on Alaskan natural resources and the manufacturing potential there during the next 20-year period.

The speaker described Alaska as a new state many times the size of Ohio, but one which has a population of only about 300,000.

Dr. Lund also discussed whether or not a comprehensive railroad system would be feasible for the new state in the next few years. The local club hosted three out-of-city Rotarians during the noon luncheon meeting.

No Increase . . .

an unattainable goal should not be set.

THEY also expressed the desire to retain public confidence in the ability of the Community Fund to distribute donations fairly among all agencies without establishing unpopular budgets.

The actual solicitation of funds for the 1961-62 campaign will begin with the subscription of advance pledges August 14-26. Business and industry contributions will be collected Sept. 18-23, and the general residential drive in the city Sept. 25 through Oct. 2.

It was noted in formulating the budget that all other major charitable or public service organizations in the county had been invited to combine their solicitation drives with the Community Fund appeal, but they had declined.

James Carr, general chairman of this year's campaign, reported that the general organization of the fund drive is "taking good shape." His committee is holding frequent meetings to map the campaign and organize volunteer workers.

Mrs. Karl Mason was elected to fill out the unexpired term of Robert K. Harrod, Fund vice president, who resigned. Mrs. Mason will not, however, automatically assume the Fund presidency next year.

Other officers of the Fund are: David Hoffman, treasurer; Lawrence E. Goeller, assistant treasurer; E. G. Grigg, secretary.

THE BOARD of Trustees is composed of 20 representatives and alternates from various townships; 12 delegates from institutions financed through the Fund; and 11 regular and alternate trustees-at-large.

In the meeting's final action, approval was given for the local Fund to join an informal Central Ohio Federation of United Appeals. This group would have no authority over local actions or expenditures, and would serve only as an advisory council for the exchange of ideas. Membership will cost the local Fund nothing.

This Is What District Vets Want To Know

Questions of interest to ex-service men should be given to Pickaway County Veterans Service Officer, James Shea. His office is in the basement of the courthouse.

Q-I am a World War II veteran, and since I receive a service connected compensation, rated at more than 50 per cent, I have been getting extra compensation because of my son who is under 18 years of age. He has now gone into the service, though still not 18. Will the extra compensation payments continue?

A-They most certainly will and your payments will continue until your son is 18. The fact that he has entered the service will not affect payments in the least.

Q-What is the minimum amount of my GI term insurance that I can convert to a permanent plan?

A-The minimum amount is \$1,000. After that additional amounts may be converted in multiples of \$500.

Q-I realize that a wife may be buried in a national cemetery if her veteran-husband is already buried there. But what if the wife dies first?

A-A veteran who assures cemetery officials that he intends to be buried in a national cemetery may make arrangements for his wife to be buried there if she precedes him in death.

Q-Have any of the various bills to re-open GI life insurance to lapsed veterans been passed by Congress?

A-No. Although several bills with this aim have been introduced, none have received congressional approval. It is hoped, however, that in the near future, such a bill will be approved.

Q-A friend of mine told me that veterans in receipt of 40 per cent or more compensation from the VA can receive additional allowance for dependents. Is that true?

A-That is not true. A veteran can receive additional allowance for dependents only if his service connected disability is rated at 50 per cent or more. At the present time, however, there are several bills to be considered in Congress which would allow all service connected veterans to receive additional allowances for dependents.

Judge Says Nudity Alone Not Obscene

CINCINNATI (AP) — Since obscenity is not a matter of community standards, the motion picture "Hideout in the Sun" is not obscene, according to a Cincinnati Municipal Court ruling.

Judge Daniel C. Handley made the ruling, dismissing charges against I. M. Amusements, Inc., and two of its employees.

The motion picture deals with bandits who hide in a nudist camp. Police seized it March 11 and charged the amusements company with possessing obscene pictures; Walter Hall, 38, a projectionist, with having an obscene picture under his control; and William Fangenbaum, 32, theater manager with exhibiting an obscene picture.

"Nudity in itself, without lewdness or dirtiness, is not obscenity in law or common sense," the judge ruled.

Maine Village Rumors Turn Into Fact

ANDOVER, Maine (AP) — This remote village in the mountains of western Maine has been launching imaginary men into space for months.

Some townspeople even figured out that plans were afoot to catch misdirected astronaut in giant nets stretched on mountain peaks.

The rumors shot out of orbit but came to earth when the American Telephone and Telegraph Co. disclosed that the world's largest antenna for telephone satellite communication will be built atop a hill east of the village.

The rumors started when strangers came to town and bought over a thousand acres of high ground considered worthless except for pulpwood and lumber.

When the strangers hired 50 local men and started building a road into the wilderness the rumors took off. But cash being paid out was a real down-to-earth bonanza in this village of 900 souls.

Andover has only a few farms, three small woodworking plants and logging to provide local employment.

Burdick Pierce of Wilton, Conn., a veteran of radar construction in Alaska, is field engineer of the \$7-million ATT test facility. Most of the surveyors and engineers are from the Michael Baker Co. of Rochester, Pa.

After a road has been completed and a site prepared, a 250-ton steel and aluminum "horn" antenna, largest of its type ever built, will be erected. The 177-by-94-foot "horn" will be used to pick up faint signals from Europe relayed by orbiting satellites and also to send out signals to be relayed by satellites back to Europe.

Fire Is Delivered To Ashland Firemen

ASHLAND, Ohio (AP)—It isn't often the fire comes to firemen, but it happened here Wednesday.

With hoses ready, Ashland firemen waited 15 minutes at the Erie-Lackawanna Railroad depot for a burning gondola car to arrive at the station as part of a westbound freight.

Oil and grease protecting a shipment of automotive steel in the car had caught fire. The blaze was noticed as the train passed the depot at Polk, seven miles east of here, and railroad men there notified Ashland depot employees, who called firemen.

The gondola car was uncoupled and firemen doused it with water. Half the floor had been burned through. Cause of the fire was not determined.

Ex-Beer Firm Chief Seeks New Trial

CLEVELAND (AP) — George S. Carter, former president of the Pilsener Brewing Co. who was convicted May 10 of violating the Taft-Hartley Act, is seeking a new trial in U. S. District Court.

His petition is based on refusal of the court to allow him a separate trial.

Convicted with Carter were John J. Felice, president and business manager of Teamsters Union Local 293; the Pilsener Brewing Co. and the City Products Co. of which Pilsener was a wholly owned subsidiary.

Payment by Carter of \$4,500 to Felice in exchange for a cognovit note on April 17, 1960, was the basis of the case. The Taft-Hartley Act prohibits an employer from giving money or anything of value to an officer of a union representing his employees. The act also makes it unlawful for the union officer to receive such a gift.

Air Pollution Knowledge Lacking

Inhabitants of cities afflicted with air pollution problems long have recognized the desirability of removing irritants from the air, if for no other reason than to stop the annoying effect upon eyes and most. There is also a lingering suspicion that air pollution cannot be healthful.

Because doctors disagree upon the harmful effects of polluted air, and what level of pollution is required before the human respiratory system is affected, reaction to industrial and exhaust wastes in the air is dulled by a lack of definite knowledge of its effects upon the human body. Immediate effects are not as important as the harm which could occur over several generations of exposure.

An experiment now under way in Los Angeles to test the effect of automobile exhaust by-products on living creatures with a shorter lifespan than man's may produce some of the answers to pollution questions.

Mice, guinea pigs and rabbits have been placed at varying distances from Los An-

geles thoroughways to absorb hydrocarbons, oxidants, carbon monoxide, nitrogen oxides and other irritants. A control group of similar animals is being maintained in pure air laboratory cubicles to compare health studies to those of their exposed kin.

The study — financed by a grant from the U. S. Public Health Service — is the most thorough research project yet undertaken on behalf of one of advanced civilization's most perplexing problems. Whatever the findings, they should serve to quiet some of the diverse opinions on air pollution and chart the course for future studies and action.

There is no doubt that great concentrations of smog do cause physical injury. Involuntary human guinea pigs have proved this in particularly bad smog attacks in Britain and parts of the United States. What the animal tests should indicate is the level of pollution which cannot safely be exceeded.

Setting standards of air safety is the belated link needed to give precautionary measures intelligent direction.

Lonely Bread to Broadway Toast

By Hal Boyle

NEW YORK (AP)—Sometimes you have to bake a lot of lonely bread to become the toast of Broadway.

It was that way with composer Charles Strouse, 32, and lyricist Lee Adams, 34.

Both were comparatively unknown to the public the night of April 14 last year when their smash musical hit, "Bye Bye Birdie" opened. The next morning they were being hailed as the nation's newest and youngest top song-writing team.

The big money began to flood around them in a green tide—and it's still rolling in.

But both Charley and Lee—each of whom will earn \$100,000 or more this year—grin away at the idea success came to them as an overnight bid from the old.

"We've been slaving hard since

we first met at a party 12 years ago," said Lee.

He was a hard-up young radio writer. Charley was a hard-up young classical composer.

Working in their spare hours together, the two turned out scores of songs and sketches for revues and supper club singers. For three summers they put on shows at a resort hotel for room and board and a salary of \$200 each for a 12-week season.

It all added up to a lot of hard work, a lot of fine experience—but not much cash and no fame.

"Just four years ago I was still shining shoes—my own," quipped Lee.

It was in 1958 that the two first stepped on the springboard that bounced them to success.

Veteran stage manager Edward Padula had a big idea—why not

produce a happy musical about American teen-agers who weren't gang members or delinquents? He had another big idea: The show should be the product of young talent.

Padula picked Strouse and Adams after trying out 15 other song-writing teams. He paid them \$50 a month each out of his own limited funds to turn out songs.

Two years and 80 auditions later the trio had raised the \$300,000 necessary to put on "Bye Bye Birdie," and the two songsmiths had hammered out 55 tunes—17 of which were used in the show.

Now royalties from recordings, the original Broadway production and two touring companies—plus an \$850,000 sale of the movie rights—have put Strouse and Adams on Easy Street for some time to come.

Who Seeks To Kill Our Money?

By George Sokolsky

When the House of Morgan abdicated its leadership of the American financial world in 1929, no other leadership appeared and J. P. Morgan, the elder, was essentially a patriot and therefore his first concern was the maintenance of the status of the American dollar throughout the world.

No banker in this country has succeeded in his position of leadership. We may have been regarded as not too bright by British and German bankers, but our money was sound because it was secured by gold.

Today, all sorts of fantastic ideas come out of the banking world — ideas which one might expect from someone who is taking Economics I from a Keynesian professor at Harvard. These ideas have culminated in the inflationary bill which is now being proposed in Congress that would take all the gold coverage off the American dollar and leave it nothing more than a scrap of paper.

The proposal of Secretary of the Treasury, Douglas Dillon, to

change the gold law is an easy way out of our gold problem. We lack gold; therefore abolish gold. This is an easy solution to the shift in the balance of international settlements, and as this subject is not romantic and not easy to understand, the great minds who turn corners on two wheels believe that they can solve a difficult problem by running away from it.

What they seek to do is to remove all metallic security of the dollar, to leave it a scrap of paper as valuable as the faith in trade, commerce, economic stability may at any time be. It is often said that fiat money is based upon confidence in the country which issues it. This is economic bushwah, to use an accurate expression, because fiat money is based not on love of country but on the economics of the moment.

Congressman Abraham J. Multer of Brooklyn has introduced a measure in Congress which, it is said, has Secretary Dillon's support, which will shift our currency from having a twenty-five percent gold support to being fiat money; that is, money with no gold or silver support whatsoever.

The reason that, for three decades, a world in revolution has accepted the American dollar as the most valuable currency is that it had a gold protection while other moneys were just printed paper. Now that Great Britain, West Germany, France and Soviet Russia have obtained enough gold to set up reserves, along comes this proposal to knock down the value and respectability of the American dollar.

It is expected that the removal of the gold reserve will strengthen the dollar, when actually it will destroy confidence in the dollar which has steadily been losing confidence. What does that mean?

Money possesses only such value as acceptability gives it. In a word if you want to buy a banana, you expect to pay, let us say, one cent. You discover that you are being charged five cents. You pay. Then you are charged twenty-five cents or even a dollar. You reject the bananas. Let them rot. The reason you will not pay the high price for bananas is that they seem not to be worth that much to you. The vendor, however, will not accept one or five cents for the banana because the money is no good. He doubts whether he should accept twenty-five cents or a dollar because that too is of uncertain value. Finally, he says that he will give you a banana if you give him your necktie or handkerchief.

That is called barter, a very primitive system, often employed by savages and sometimes by so-called civilized peoples who have things but no acceptable money. The result of barter is that the people at home go hungry in order that the nation as a whole may get something it needs. Soviet Russia, for instance, in the 1920's and early 1930's bartered butter for iron ore. The Russian people were deprived of butter so that they might have iron ore. But the United States, where money was fairly

good, possessed both butter and iron ore.

The Multer Bill was not prepared by Congressman Multer who, while a fine man, is not an economist and has never claimed to be one. The Bill was prepared by bankers and Keynesian economists. They ought to come out in the open so that we might know who seeks to kill our money.

Adams Lauds Ike's Attitude On Politics

NEW YORK (AP)—To Sherman Adams, former President Dwight D. Eisenhower's greatest days in politics were when he followed his own instincts and spoke from the heart.

Adams, chief aide to Eisenhower during much of his time in the White House, looked back on his life in an interview at his home in Lincoln, N.H.

Adams, interviewed by Robert J. Donovan, chief Washington correspondent of the New York Herald Tribune, said:

"Eisenhower's greatest days in politics were when he followed his own instincts, said what was on his mind, spoke from the heart and forgot the pious political phylacteries who stayed with him when they thought he could win their elections for them, and left him when he needed their support to put over his program for America and for the world."

Discussing President Kennedy, Adams said he felt the new executive was doing "a reasonably creditable job."

Donovan declared that Adams appears to feel that the Kennedy administration is going along on about the same level of achievement as the Eisenhower administration.

Adams resigned his post with the administration in 1958 after admitting that he had accepted favors from millionaire Bernard Goldfine of Boston.

Try and Stop Me

By BENNETT CERF

ONE OF THE most beguiling films in the world unfortunately will never be exhibited publicly. It's a compilation of all the song-and-dance numbers done by Ginger Rogers and Fred Astaire from their first collaboration, "Flying Down to Rio," to their last, "The Barkleys of Broadway."

It runs for three solid hours, and includes such memorable numbers as "Check to Check," "The Continental," "All My Eggs in One Basket," and "They Can't Take That Away From Me."

There are only two prints of this film in existence: Fred Astaire has one, and Ginger the other. There are too many rights involved to permit a general release.

The teenage son slumped dejectedly in his chair, and his mother anxiously whispered to his father, "What's biting him now?" "It's nothing worth whispering about," said the father resignedly. "He wants to go to the drugstore down at the corner—but the car won't start."

Inside You and Yours

By HURTON H. FERN, M.D.
Have you ever felt like jamming that hospital bill down someone's throat?

You had to wait long, lonesome hours for those lightning sixty-second back rubs. The empty pitcher at your bedside raised tiny doubts about a water shortage. And still they've got the nerve to charge you \$26.50 a day for a closet they call a room!

Such tardy care and prompt billing has turned into a giant medical headache which no aspirin can cure. Back-breaking and ulcer-causing, this headache is now under medical attack. Several operations have already been tried.

The medical roundhouse which keeps nurses going in circles looks promising. Instead of a long corridor with rooms on either side, the round hospital hall looks more like a dance floor.

In the center is a long desk where a nurse looks out on all twelve rooms around the rim. She watches every patient as closely as a special private nurse. And this service doesn't cost extra.

At her desk, the nurse is close to every room. Patients know when she is available. Hospital routine loses that potato-race quality.

In tomorrow's hospital — and in some of today's — you won't find a special surgical floor or lush private rooms for wealthy patrons. Instead, the doctor will prescribe your room as part of the treatment.

Here's how it works: Emergency cases are rushed to a special section where every nurse is an expert. If you need close watching, you'll be in an open ward. For quiet rest, you may be assigned a private room. And to ease the change, you'll stop off in a semi-private room en route.

At the other end of the hospital is the do-it-yourself section. If you're well enough to take a shower each morning, you shouldn't be wasting the nurse's time with back rubs. In this self-care section, patients can practice living at home.

Between these two extremes lies an intermediate section for patients who need average hospital care. Here, nurses no longer burdened by patients who can take

The Business World

AP Business News Analyst

NEW YORK (AP)—The rush to buy stocks is sending the prices of many to record high. But the conquering march of the bull has brought with it some worrisome camp followers.

1. Stock exchange officials and government watchdogs fear too much of the buying is by unwary novices snapping up untried and often questionable stocks.

2. They fret lest too much of the new speculative money in the markets is from borrowed funds. And if the bears should stage a flanking move on the market, these on-the-cuff holdings might give way to threaten a rout of the entire list.

Some of the borrowing is from brokers and banks and this can be measured—and it has been growing.

But if the public wants to speculate it can get the money from other sources harder to measure quickly. It can draw on its savings, and there is evidence it has been doing so. The public can raise money for speculation by borrowing on such assets as homes and insurance policies. How much of this has gone into the rush to buy stocks on the exchanges and the over-the-counter market is hard to guess.

The speculative fever has led stock exchange officials to warn the unwary against buying out of enthusiasm unbased on facts. Brokerage houses sound the same note. The Securities and Exchange Commission is investigating some of the stock deals and practices in the current bull market.

And Wall Street always watches the reaction of the Federal Reserve Board to any upsurge in prices and trading, and especially to the buying on borrowed money. The Federal Reserve can regu-

late at least part of these credit purchases by changing the official margin rate. In July 1960 the rate was 90 per cent. But stock prices were weak then and the rate was lowered to 70 per cent.

This meant that you had to put up 70 per cent of a stock's price in cash for any new buying on the regulated stock exchanges. You could borrow up to 30 per cent from your broker. If the price should fall you'd have to put up

more cash to stay within the 70 per cent margin.

When markets show signs of running away, the Federal Reserve raises the margin to lessen the flow of credit and put buyers on or close to an all-cash basis. When prices are weak and trading dawdles, the margin usually is cut—sometimes in recent years to 50 per cent, but never back to the fractional lows that preceded the 1929 stock crash.

Missionary Says Laos Living Hard on Yanks

COLUMBUS, Ohio (AP)—A native Ohioan who has been a missionary in Viet Nam and Laos since 1914 says she doubts members of the Peace Corps could endure living with natives of that area. Mrs. Frank Irwin, the former Marie Morgenthau of Hamilton, Ohio, said differences in social structure, goals, religion, language and standards of cleanliness will make it almost impossible for young Americans to live among the Southeast Asians.

Dear Abby...

By Abigail VanBuren

It Was Only a Suggestion!

DEAR READERS: When a 10-year-old boy wrote and asked me what kind of pet he should get (his parents vetoed dogs, cats, birds, fish and turtles), I suggested a hamster.

Some of my readers offered far more imaginative suggestions. And here they are:

ABBY

DEAR ABBY: I am writing this for "Wants a Pet." He says turtles are no fun. How does he know? Did he ever have a turtle? Well, I have, and I can tell him that turtles are lots of fun.

I am ten years old and have a pet turtle called "Pokey." Little "Pokey" follows me around and eats out of my hand. Sometimes, when I can't find him for days at a time, my mother says if we ever find "Pokey" we are going to have turtle soup for supper, but she never goes through with it because she loves "Pokey", too.

TURTLE LOVER

DEAR ABBY: If children want pets, they should try ants. I bought an ant farm. The "farm" comes in a large box with glass sides so you can see the ants work.

They are the most fascinating thing in the world to watch. Children can learn industry, teamwork and loyalty from the lowly ant. Ants are never idle for one moment. They are constantly on the move. Building, building, building! The Youth Corps should adopt the ant as its mascot. An ant hill is a monument to cooperation.

FOR ANTS

MRS. C. W. M.

DEAR ABBY: I suppose you will think I am crazy, but snakes make marvelous pets. Even the most poisonous snakes can be made safe. (I do not include the large, bone-crushing type, of course.) But the cool, slithering serpents can be affectionate pets, believe it or not. They are clean, intelligent and devoted. Since Biblical times, the snake has been the most maligned of all the creatures in the animal kingdom.

LIKES SNAKES

DEAR ABBY: You can't be serious in recommending hamsters as pets. We had hamsters and they are the filthiest things alive. It's a full-time job keeping their cage clean. And if you start out with a pair, you can end up with a thousand of them in a year.

VIOLA

Yes, Abby will answer your letter personally if you write to ABBY, Box 3365, Beverly Hills, Calif., and enclose a stamped, self-addressed envelope.

BEHIND THE SIGN

What is the story behind this "For Sale" sign? Is it just a house that's for sale, or is this a tale of happiness or sorrow—of success or defeat?

Let's hope this story has a happy ending! But this isn't a world of make-believe we live in. God made us human beings, not puppets. He has given us minds and bodies, nerves and muscles—and weakness as well as strength.

Maybe the story behind this house is a happy one. Maybe it's a sad one. Regardless, the people who lived here, like all of us, will be able to accept both good fortune and bad if there is yet another house in their lives.

The House of the Lord, the Church, has been built to endure through the ages. Here we will always have a home—during our lives on earth as well as throughout eternity.

The Importance of Diligence

THE BLESSINGS THAT FOLLOW DILIGENCE IN
 WORK, AND THE TRAGIC CONSEQUENCES OF
 HABITS OF INDOLENCE

Scripture—I Kings 4:29-34; Proverbs 6:6-9; 22:29; 24:30-34;
 Ecclesiastes 3:22; II Thessalonians 3:6-15.

By NEWMAN CAMPBELL
 DILIGENCE in work implies
 only working hard, but
 using wisely every moment of
 the time granted us on this
 earth. How easy it is for all of
 us to say, "Yes, I want to do
 that some time"—and how
 often it is that "some time"
 never comes.

It has been said that no one
 of us will ever have any more
 time that he has right now.
 Realizing this, it behooves us
 to see to it that we actually DO
 the things that we consider
 really important, without frit-
 tering away our time on non-
 essentials until, before we know
 it, we have none left.

Solomon put it thus: "Yet a
 little sleep, a little slumber, a
 little folding of the hands to
 sleep. So shall thy poverty come

the "three thousand proverbs"
 Solomon "spoke." (I Kings
 4:29.)

In illustrating his precepts,
 Solomon uses homely examples
 which everyone will know; the
 ant is used for both diligence
 and wisdom. "Go to the ant,
 thou sluggard; consider her
 ways and be wise," he advises.

When Solomon prophesies
 that the diligent man "shall
 stand before kings; he shall not
 stand before mean men," he
 means that he will become
 known and honored for his de-
 pendability and skill in using
 his time. The "king" for today's
 man will be civic recognition.

In the example of the slug-
 gard's vineyard, the overgrowth
 of weeds can be likened to the
 overgrowth of evil in the soul
 of a man who does not con-
 stantly prune and cultivate his

 not unto men."—Colossians 3:23.

as a robber, and thy want as
 an armed man." (Proverbs 24:
 8-34.)

This indicates the fact that
 both industry and sloth are ac-
 quired habits. If a man works
 hard today, it is a little easier
 for him to work hard tomor-
 row, and even easier the next
 day, and so forth. Conversely,
 if he loafs a bit today, he will
 loaf more easily tomorrow, and
 even more the next day.

The scriptural readings be-
 gin with a preface to Solomon's
 words about diligence, extolling
 again his wisdom as exceeding
 that of "all the children of the
 east." This refers to the fact
 that the Chaldeans and Arab-
 ians of the east were noted
 from time immemorial for their
 wisdom, especially through as-
 trology.

The book of Proverbs con-
 tains much less than a third of
 the material of the book of Ec-
 clesiastes.

inner self with control. The
 broken-down fence may be
 taken to signify the "unfenced
 soul" of one who is not led by
 duty to the command over his
 own spirit. (Alexander Mac-
 laren in "Peloubet's Select
 Notes.")

The passage from Ecclesi-
 astes indicates that the inward
 satisfaction a man feels from
 doing his own work well is
 something every person can en-
 joy, and something no one can
 ever take away from him.

In Thessalonians (II:3:6-13)
 Paul condemns the shirkers
 who expect society to support
 them. A. R. Buckland (in
 "Peloubet's Select Notes") sug-
 gests that here Paul is talking
 about "the idler who is found
 in his faith a pretext for neglect-
 ing personal duty." He urges
 true Christians not to support
 such.

Hymns which will be sung dur-
 ing the service are "All Creatures
 of our God and King", "Lord To
 Thee I Now Surrender", "Come,
 Holy Ghost, Our Souls Inspire",
 and "Creator Spirit, By Whose
 Aid".

The Senior Choir will sing under
 the direction of Mrs. Donald Flierl
 and accompanied by Miss Miriam
 E. Ward, church organist.

79 Pct. of Ohio Oil Wells Produce

COLUMBUS, Ohio (AP) — Of
 the 207 oil well holes drilled dur-
 ing the first three months of 1961
 in Ohio, 79 per cent were produc-
 tive, the Geological Survey Divi-
 sion reports.

The 207 drillings resulted in 58
 gas-producers, with an average
 daily flow of 1,725,000 cubic feet
 and an average depth of 2,940
 feet; 106 oil wells with an average
 of 36 barrels per day, and an
 average depth of 2,494 feet; and
 43 were "dry."

Largest of the oil wells was the
 No. 1 D. E. Turner in Fairfield
 County, which had an initial pro-
 duction of 400 barrels a day. Tops
 among the gas wells was the No. 1
 V. Gorbey in Vinton County, with
 an initial daily open flow of
 10,190,000 cubic feet.

PICTURES DON'T LIE, THEY SAY—There will be a lot fewer "not guilty" pleas in traffic court if the apparatus Denver, Colo., Patrolman Walter J. Beringer is using becomes standard equipment around the country. It's called Traffipax, made in Dusseldorf, Germany, and a Minneapolis-Honeywell item in the U.S. Beringer is photographing, by sequence camera, the station wagon as it violates the "left turn only" sign. He had 10 photos, five standard lens, one telephoto, as evidence. Part of the equipment, a light for night "evidence," is mounted on roof of patrol car. Cameras are on dashboard at right.

The World Today

By James Marlow

WASHINGTON (AP)—The irony
 in a Kennedy-Khrushchev meeting
 is that they can't possibly settle
 their most unsettling difference.

It's that determination of theirs
 to root around in each other's
 front yard.

Soviet Premier Khrushchev
 can't agree not to since commu-
 nism is dedicated to gobbling up
 any place it can. Laos is the most
 recent example.

And, since President Kennedy
 is dedicated to stopping any such
 thing, he can't agree not to stop
 it.

They still have room for dis-
 cussing a couple of other major
 problems, such as a ban on nu-
 clear testing and disarmament.

But, unfortunately for the con-
 versations and world peace, that
 is ironic too.

1. How, for instance, is the So-
 viet Union going to agree to ban
 tests so long as France, the
 American ally, keeps on develop-
 ing atomic power and is free to
 test?

The French haven't shown any
 willingness not to.

2. And how, for instance, can
 this country agree not to test if
 Red China, the Soviet Union's ally,
 develops atomic power, as it will,
 and starts testing?

Red China is not only a menace
 to the United States now but,
 when it gets atomic weapons, may
 be even a worse menace to the
 Soviet Union.

But as of this moment the
 United States, which doesn't offi-
 cially recognize Red China, must
 pretend in international dealings
 it doesn't exist.

So, while Kennedy and Khrush-
 chev can talk about a lot of
 things, none will be more impor-
 tant than those mentioned here—
 and they're not likely to settle
 any of them.

Already, before the two men get
 near each other, their meeting is
 being represented more as a feel-
 ing-out process than a meaty dis-
 cussion.

And, if that's the way it is,
 Khrushchev will hardly try to de-
 molish Kennedy as he did former
 President Eisenhower a year ago
 in Paris after the American U2
 flight over the Soviet Union.

But it's going to be Khrushchev
 and not Kennedy who can afford
 to be cocky. All the recent set-
 backs have been on the American
 side, not on the Soviet Union's.
 The Communist overrunning of

Laos, for instance. The ridiculous
 American-backed invasion of Cu-
 ba, one of the biggest pieces of
 nonsense in the 20th Century.

And only this week the South
 Korean army, much to America's
 distaste, threw out the American-
 backed government for being cor-
 rupt.

The only saving grace here is

How Weather Looks Today

COLUMBUS, Ohio (AP) — Offi-
 cial Weather Bureau summary of
 Ohio's weather outlook:

Dry weather returned to Ohio
 Thursday night except for a few
 lingering sprinkles early this
 morning in the northeastern coun-
 ties. The northwestern portion had
 partial clearing, and there were
 partly cloudy to cloudy skies else-
 where.

Cooler air will dominate Ohio to-
 day and tonight as winds turn
 northerly following passage of the
 cold front.

Mostly fair weather will prevail
 this afternoon and tonight and
 under clear skies temperatures
 will be quite cool.

Pleasant weather is indicated
 Saturday, with abundant sunshine
 likely. Mild temperatures are ex-
 pected in the afternoon.

Early morning temperatures in-
 cluded: Cleveland 47, Dayton 44,
 Marietta 53, Columbus 49.

OHIO FIVE-DAY FORECAST

NORTHERN OHIO — Tempera-
 tures will average near or a little
 above normal. Normal high 71-72,
 normal low 49-52. Warming trend
 over weekend and early next
 week, turning cooler by midweek.
 Precipitation will average one-
 half inch as showers early Mon-
 day and Tuesday.

SOUTHERN CENTRAL OHIO —
 Temperatures tonight through
 Wednesday will average near nor-
 mal. Normal high 71-78, normal
 low 49-59. Mild Saturday and Sun-
 day, cooler Monday and Tuesday,
 warmer Wednesday. Precipitation
 will average one-half to one inch
 in general rains over district Sun-
 day or Monday.

Taverns Offer Grants to Seniors

WARREN, Ohio (AP) — The
 Brookfield Twp. school board has
 approved a \$100 scholarship grant
 offered by the Trumbull County
 Taverns Association to a graduat-
 ing high school senior despite the
 protests of two Methodist minist-
 ers.

The school system was one of
 eight in Trumbull County which
 accepted the \$100 scholarships last
 year and was asked to participate
 again this year.

"We want to register a com-
 plaint against such action," said
 the Rev. Paul Crooks, pastor of
 the Masury Methodist Church.
 "From our standpoint, it's a moral
 question for our young people."

Educational TV Backed by Solons

COLUMBUS, Ohio (AP)—Ohio's
 lawmakers continue to show a
 liking for the idea of a statewide
 educational television network.

The 23-member House Education
 Committee is the latest to approve
 a bill laying the groundwork for
 the system. Without a dissenting
 vote, the 18 members present
 Wednesday night recommended
 passage.

The Senate Education Com-
 mittee recommended the bill last
 month and the senators passed it

3 Ex-Bank Officials Indicted In \$1.5 Million Oklahoma Deal

NEW YORK (AP)—A federal grand jury has indicted three former bank officials for misapplication of \$1,562,000 of funds of the Oklahoma City Capitol Hill Bank.

The three were identified as James R. Freeling, 36, 705 Southwest, Oklahoma City, former president of the bank; John J. Houlihan, 48, 8015 Inwood Road, Dallas, Tex.; and Martin Legere, 47, 1060 Caliente Drive, Jacksonville, Fla.

U.S. Atty. Robert M. Morgenthau termed the case as "one of the most serious and flagrant cases of the misapplication of bank funds by a bank officer to come to official attention."

Examiners for the Federal Deposit Insurance Corp. uncovered the case and because of it the bank was forced to close last July 29, Morgenthau said. He added that it has subsequently resumed operations under new management.

Stephen E. Kaufman and David R. Hyde assistant U. S. attorneys, said that last July Freeling transferred the \$1,562,000 in securities and cash belonging to the bank to his codefendant, Legere, who was president of the Grand Bahama Bank & Trust Co. in care of the Hanover Bank in New York City.

Kaufman said the Grand Bahama Bank had been chartered on Jan. 8, 1960, by the Bahamian government to do business at Freeport, on the island of Grand

Bahama. Legere was the bank's president and Houlihan was chairman of the board, Kaufman said.

When the funds arrived at the Hanover Bank, \$742,000 was used to purchase stock of the Capitol Hill State Bank, Kaufman continued.

Following that purchase, Houlihan became chairman of the board of the Oklahoma bank and Freeling was retained as president.

"In effect, the purchase of the bank's stock was achieved by use of its own funds," Kaufman added.

He said the Grand Bahama Bank "merely occupied a rented room in the Bahamas which, because the bank had never done any business, did not even contain records or furniture."

Another \$460,000 of the fund sent to New York was "siphoned off for the benefit of two companies in Dallas, Tex., of which Houlihan was the principal stockholder," the Midwestern Security Life Insurance Co. and the Midwestern Security Corp., Kaufman said.

In addition to those transactions, the defendants used \$71,346 of the Capitol Hill State Bank funds for the purchase of an airplane, Kaufman asserted.

The three are scheduled to plead to charges Thursday, May 25.

A full accounting of what all the \$1,562,000 was used for was not made.

free or below cost by the mail service.

ANPA's position was set out in a statement filed with the committee by Ralph Nicholson, publisher of the Dothan (Ala.) Eagle and chairman of the association's postal committee.

Spokesmen for several other associations of daily and weekly newspapers advanced similar arguments. They submitted figures intended to show that the proposed increases in second-class postal rates, estimated to average 79 per cent, would work out to five- or six-fold increases in postal costs of some individual publications.

On the issue of services performed, Richard E. Morrison, speaking for the Inland Daily Press Association, said the Billings (Mont.) Gazette using truck delivery to post offices during 1960 spent \$23,838 "for service originally furnished by the post office" and still paid its full postal bill. Morrison is general manager of Lee Newspapers, publishers of the Gazette and other Montana newspapers.

Guy Easterly, vice president of the National Editorial Association and publisher of the Weekly Press at Lafayette, Tenn., urged the committee to reject the philosophy that "the post office is a business, required to pay its way."

History makes clear that the post office shall be established as a service to the public, just as military forces are maintained for the people," he said. "Nobody worries about the 'Army deficit' or the 'Navy deficit.' NEA's position is that the service is worth what it costs the public."

E. C. Haywood, publisher of the Hillsdale (Mich.) News and also a spokesman for the Inland Daily Press Association, accused the Post Office Department of failing "to list properly its public service costs" and said the result was "to greatly overstate the amount of the postal deficit chargeable to second-class mail."

Slavic Jews Feel Eichmann Lash Quickly

JERUSALEM, Israel (AP) — Adolf Eichmann's commandos were geared to move at such lightning speed that they cracked down on Yugoslavia's Jews only two days after the German armies rolled in, a witness at Eichmann's trial testified today.

Alexander Arnon, 63, former Jewish leader in Croatia, testified that the German tanks smashed into Zagreb April 9, 1941, "at 3 o'clock in the afternoon."

"At five o'clock Croatian independence was declared under martial law," he continued.

"On April 11, the Gestapo came to the Jewish community, seized all the money and placed everyone under arrest."

Anti-Jewish measures ensued with rapidly until most of Yugoslavia's 75,000 Jews were caught in one net or another.

His testimony together with that of another survivor, Dr. Hinko Salz, 55, was presented to depict events in Yugoslavia rather than as direct evidence against the defendant charged with directing the extermination of Europe's Jewry in World War II.

The linkup was provided in documents offered by Dep. Atty. Gen. Ya'akov Bar'or. These Nazi files showed the German Embassy in occupied Yugoslavia prodded Berlin for help in deporting Jews and Eichmann himself was sent there to speed things up.

World Trade Benefits Lauded

CINCINNATI (AP)—Members of the Ohio League of Women Voters were told here Wednesday night that "vigorous international trade benefits everyone concerned."

Charles P. Taft of Cincinnati, speaking at the League's annual convention here, declared "protectionist propaganda" has confused and obscured the benefits for the world in international trade.

Earlier, Mrs. Donald Francis, president of the League told the delegates from 70 Ohio chapters that the ultimate goal of the organization is "that of making government and citizen participation in it have meaning for every individual."

Duren Records 4 Strikeouts In One Inning

But Ex-Yank Hurler
Is Defeated while
Tying League Mark

By THE ASSOCIATED PRESS
Ryne Duren tied a major league record with four strikeouts in one inning, but wound up with his third defeat as the Chicago White Sox beat the Los Angeles Angels 6-4 Thursday night. Detroit suffered its first shutout, on the fourth hit pitching of Gene Conley, in a 1-0 loss at Boston that shaved the Tigers' American League lead to 4½ games.

Kansas City defeated Minnesota 4-3 with Marv Throneberry driving in all the A's runs, three on a homer off loser Jim Kaat. The only other game scheduled in the AL, Washington-Baltimore, was postponed because of cold. No games were scheduled in the National League.

Duren, the ex-Yankee fireballer, took the loss in the seventh inning at Los Angeles when the Sox broke a 4-4 tie and scored a pair of unearned runs. The big right-hander struck out Minnie Minoso leading off the seventh, the fanned Roy Sievers — who reached first when the third strike got past catcher Del Rice for a passed ball. Jim Landis followed with a triple that broke the tie, and after J. C. Martin struck out, Landis came in on a single by Sherm Lollar before Duren whiffed Sammy Esposito.

Four National League pitchers had struck out four men in one inning previously, but Duren was only the third to do it in the AL. Walter Johnson, the old Washington Senators' immortal, did it in 1911 and Guy Norton of Cleveland did it in 1916.

Frank Baumann (2-2) won for the Sox in relief.

The Tigers, after walloping 42 hits for 29 runs in three games at Baltimore, managed nothing but singles off Gene Conley (2-3), the ex-Philadelphia Phillie Phanatic, who had lost three in a row, walked just two and struck out six in his first complete game in the AL. He retired Rocky Colavito on a pop fly for the final out with the tying run on first.

Boston scored in the fifth off Jim Bunning (2-4) on a single by Pete Runnels and a double by Don Buddin.

Marv Throneberry blasted his fifth home run of the season in the second inning off Kaat (1-3). Then he brought in the clincher in the eighth with a single off right-handed reliever El Palmquist, following a walk and single by Andy Carey. Ray Herbert (3-2) won it.

Prairie Chics Hold Banquet

The Brannon's Sohio team of Mary Thomas, Kitty Miller, Micki Eaton, Freda Manbevers and Pat Adams received a trophy as champions of the Prairie Chics bowling league at the loop's annual banquet last night at Tink's Tavern.

Brannon's, Bingham's Drugs, Circleville Motors and McGuire's Insurance squads shared team honors in high singles and series classifications.

June Sparks was named the circuit's most improved bowler, with a 77-average pin increase.

Single game score awards were divided among Mary Ellen Pettibone, Sylvia Slusser, Margie Black and Bev Six.

SERIES laurels went to Margie Black, Micki Eaton and Mary Thomas. Lola Mumaw rolled the highest year-long average.

Officers elected for next season are: Bernice Leist, president; June Minke, vice president; Jo Ann Woodward, secretary-treasurer; and Lola Mumaw, sergeant-at-arms.

Redlegs Set For Series With Braves

CINCINNATI (AP) — With the Milwaukee Braves in town for a four-game series, Cincinnati Red southpaw Jim O'Toole, tonight's starter, is hoping it will happen again.

The last time he faced the Braves, May 7, he shut them out 4-0.

Meanwhile Red manager Fred Hutchinson is hoping his boys won't prove as hospitable as the Braves were in that series. The Braves lost three in a row on their home grounds.

The pitcher O'Toole is starting against, Lew Burdette, also has vivid memories of that series in Milwaukee. He used to beat Cincinnati about as simply as strolling to the mound. But in the opening game of the series, Burdette gave up 12 hits and blew a 4-1 lead before being relieved after 8-1/3 innings.

The Reds tonight are shooting for their 13th victory in 15 games.

The Reds returned to Crosley Field from a swing east and beat the Cleveland Indians 7-4 Thursday night in an exhibition benefit for the Greater Cincinnati Amateur Baseball Fund.

With 16,973 fans on hand, the fund gained about \$30,000.

The Reds won on seven hits off losing pitcher Russ Heman and reliever Johnny Antonelli. The victory was credited to starter Marshall Bridges, who worked seven innings.

The Reds jumped off to a 4-0 lead in the first inning on two walks, two singles, a stolen base, a home run by Wally Post and a triple by Gene Freese.

Willie Kirkland hit a Cleveland homer in the second.

Antonelli Is Thinking Of Retiring

CLEVELAND (AP) — Johnny Antonelli, the once-brilliant southpaw who won 125 games in the National League and has nothing but four defeats to show for his first American League campaign, is thinking seriously of retiring from baseball.

But Gabe Paul, the Cleveland Indians' general manager, thinks the 31-year-old pitcher will come around and help the Tribe. Antonelli talked with Paul Thursday night in Cincinnati during the early part of the Indians-Reds exhibition game. It was their second such discussion in the past 10 days.

"Johnny is discouraged," said Paul. "He wanted to know if he thought it would be best for all concerned if he hung 'em up. I told him to let me worry about that."

"Nobody but a conscientious man would ask such a question. Another type of guy would just take his money and let it go at that."

(Antonelli is earning about \$40,000 on the basis of a decade of outstanding pitching in the NL, twice being a 20-game winner. He came to Cleveland from San Francisco along with outfielder Willie Kirkland in a trade for Harvey Kuenn.)

"I told John he wasn't the first who got belted for three runs in an inning," Paul related. "I also pointed out that other pitchers have had bad starts and come back."

"All he needs now is a couple of good jobs to make his confidence return."

Indiana Hopes To Get Off Big Ten's Probation Hook

IOWA CITY, Iowa (AP) — Indiana University hopes to get off the hook today as Big Ten faculty representatives consider a petition to end the Hoosiers' probation.

The school was put on probation by Commissioner K. L. (Tug) Wilson a year ago for alleged improper recruiting practices. Wilson reportedly is satisfied that Indiana has changed its recruiting methods.

The probation suspended Indiana from last fall's conference football race and prevented the school from receiving any football television receipts.

In the opening of their three-day meeting Thursday, Big Ten leaders discussed the mushrooming college basketball scandal and announced that conference players "have never been investigated or been subject to suspicion of point-rigging."

Commissioner - elect Bill Reed said the Big Ten uses a special betting survey service to keep close tab on unusual betting switches involving conference games.

"We recognize that gambling does exist on a widespread basis," Reed said. "Where there is an exchange of gambling money, there will be chiselers and attempts made to fix games."

"We have recognized this evil and have emphasized among the conference players and coaches they should be wary of any improper approaches by strangers."

The conference faculty representatives also revised the Big Ten's controversial financial aid plan to athletes, but they did not eliminate the "need" proviso in the present program which has been in effect for four years.

The representatives proposed that a high school athlete now must establish a "predictable grade point average" of slightly below a C in his freshman year. At present, a prep athlete in the upper two-thirds of his high school class could obtain a scholarship, based on need.

Also changed was the proviso which allowed a superior student-

athlete to get a "full ride" if he graduated in the upper one-fourth of his high school class. This was changed to permit full aid if an athlete can demonstrate ability to reach a predictable grade - point average of a C.

The modifying action must still be approved by individual schools which have three months to consider it.

Tiger Thinclads Bypass Tourney

The CHS track squad will not participate in the Central District class AA tournament this weekend in Columbus.

Personal schedule conflicts affecting several Tiger thinclads were responsible for the cancellation, school authorities said today.

Golf Matches Are Postponed

Opening Thursday League golf matches at the Pickaway Country Club were postponed yesterday due to rain.

Golf Pro Bob Bisciotti said all matches will be moved up a week. He said the schedule will remain the same except for the new opening date.

Wall, Cupit Lead At Hot Springs

HOT SPRINGS, Ark. (AP)—Art Wall and Buster Cupit set out to hold their two-stroke lead in the Hot Springs Open Golf Tournament's second round today while 92 other professional golfers scrambled to get within the "top 60" cutoff point.

The field will be cut after today's 18 holes. Thursday, 45 golfers shot par 72 or better over the 7,000-yard Hot Springs Country Club course.

Wall and Cupit fired 7-under-par 65s to take the early lead. Right behind them at 67 were Jerry Steelsmith and Mike Souchak. Then, at 68, came Doug Sanders, Julius Boros, Al Geiberger, Dave Ragan and Mason Rudolph.

Bill Hammond Passes Test For 'A' Meet

Williamsport's Bill Hammond hit a brisk 56-second clip to qualify for the 440-yard dash in yesterday's preliminary trials to determine competitors for Saturday's class A Central District track meet at Ohio State University.

The qualifying rounds, also conducted on OSU's cinder oval, decided Saturday's final-round participants in the 100,220 and 440 yard dashes, high and low hurdles and the 880-yard relay event.

All other track and field contests open without previous qualification to entrants Saturday. Field events will start at 9 a. m. and track competition begins at 1:30 p. m. All matches will be held on the OSU Stadium track.

Track Meets Galore Ahead

Ohio Athletes Ready
For Busy Weekend

COLUMBUS, Ohio (AP) — Ohio will be flooded with track - field meets this weekend.

Thousands of youngsters, scholastic and collegiate, will compete on a far-flung front.

The collegiate contests are the 15th Mid - American Conference championships at Bowling Green and the 58th Ohio Conference title tests at Delaware.

Western Michigan goes after its fourth straight crown in the Mid-American, and is an odds-on favorite. Akron's Zippers should be runaway winners at Delaware.

High school district meets, qualifiers for the May 26-27 state finals here, are on tap practically everywhere.

The Class A schools will fight it out for state berths in district events at Columbus, Bellare, Chagrin Falls, Berea, Mansfield, Athens, Springfield and Cincinnati.

The larger Class AA schools have meets slated at Oxford, Cincinnati, Troy, Dayton, Athens, Mansfield, North Canton, Salem, Willoughby, Cleveland, Elyria, Bellare and Columbus.

The best of the high schoolers—about 1,000 in all—will qualify for the state championship races in Columbus next week.

Cincinnati Elder, defending Class AA baseball champion, already is in the four-team state finals field. Other entrants, in both Class A and Class AA will be decided this weekend.

Rounding out the tests for the four-ply spring program are tennis qualifiers in Columbus, Cleveland, Akron and Toledo, with the central, eastern and southeastern racquet stars competing in the Capital City event, and district golf meets at St. Clairsville, Columbus, Cleveland, Youngstown, Kent, Findlay, Toledo, Swanton and Jackson.

Cincinnati Entry Wins Maywood Park Feature

CHICAGO (AP)—Scotonia stepped out of the pack in the stretch and won the Northwestern University Settlement purse by a length and a quarter over Fex Oaks at Maywood Park Thursday night. Time for the mile was 2:06 4-5.

The event was a wide open affair until Scotonia, owned by Paul Seibert of Cincinnati, took command in the last 100 yards and raced to its third straight victory. The win boosted driver Bob Farrington's all-time Maywood mark to 44 triumphs.

Aussie Pacers Face Test by Best in U.S.

YONKERS, N.Y. (AP) — Those two pacers from Down Under—False Step and Apmat—who cleaned up more than \$100,000 between them in the International Pacing Series at Yonkers Raceway now may meet America's best, Adios Butler.

Adios Butler, harness racing's 1960 horse of the year, passed up Yonkers' \$162,000 international three-race series. He is scheduled to make his first 1961 start next Friday at Roosevelt Raceway, Westbury, N.Y. Apmat and False Step are expected to start against him.

As expected, False Step of New Zealand won the concluding race—the National Championship Pace—in the Yonkers series before 30,711 Thursday night. Australia's Apmat, winner of the first two races, finished fourth.

Off the 3-2 favorite, False Step was taken to the front at the start of the mile and one-half race by driver Cecil Devine. He made it a wire - to - wire victory beating America's Bye Bye Byrd by a length in 3:07 4-5. Bye Bye had three-quarters on Mr. Caduceus who had a similar margin over Apmat. Tar Boy, Arania, Caduceus and O'Brien Hanover completed the field.

Harold (Pinky) Kraft has been coaching the University of North Dakota baseball team six seasons.

TV To Feature Public Affairs

Railroads, DeGaulle To Hold Spotlights

NEW YORK (AP)—Best bets in TV viewing during the next week center on network public affairs shows: An NBC "White Paper" on the problems of American railroads and a "CBS Reports" on France's Charles de Gaulle.

There are other items of special interest, too.

Arthur Godfrey has a CBS special tonight—his first in a long time (9:30-10:30 EDT). In a mixture of variety numbers and travelogue, the performer will be abetted by comic Buddy Hackett, the musical McGuire sisters and jazz pianist Erroll Gardner.

Highlight of Saturday will be CBS coverage of the \$150,000 Preakness horse race from Pimlico.

Robert Welch, founder and president of the controversial John Birch Society, will be interviewed Sunday on "Meet the Press" (NBC, 6-6:30 p.m.). Ed Sullivan's guest star will be Jerry Lewis (8-9 p.m.) when the variety program originates in Las Vegas. Andy Williams will take over Dinah Shore's hour on NBC for a re-union of the four Williams brothers.

NBC's "White Paper" on railroad difficulties comes along Tuesday (10-11 p.m.).

George Gobel and Martha Raye will be Perry Como's guests Wednesday night (NBC, 9-10) when the program comes from Chicago.

On Thursday (10-11 p.m.) "CBS Reports" comes up with a study of President de Gaulle's handling of his nation's troubles. ABC's "Silents Please," shows some of the work of comedians Charlie Chaplin, Harry Langdon and Buster Keaton (10:30-11).

Best Fishing Of Season Faces Ohioans

COLUMBUS, Ohio (AP) — Note to housewives:

Don't count on hubby helping with the garden or household chores this weekend.

The best fishing of the season is on tap, and no all-American husband can be expected to stay home at such a time.

The state natural resources department, in its weekly bulletin on topics piscatorial, reported this outlook for the various areas:

NORTHWESTERN: All lakes, streams fair to good, all species being caught. Lake St. Marys yielding good catches of bass, crappies and catfish; Oxbow Lake normal, bass and bluegills plentiful.

EAST CENTRAL AND SOUTH-EASTERN: All clear and normal. Leesville Reservoir, Carroll County, turning up some muskies. Carp and catfish main catches in streams.

CENTRAL AND SOUTHERN: Barring further rains, streams should be in good shape. Major lakes clear and normal, yielding all species. White bass plentiful at Buckeye Lake. Both Big and Little Darby rivers producing excellent strings.

SOUTHWESTERN: Smallmouth bass and carp being caught in streams. Best lakes include Grant, Kiser, Hosterman, Clark, Stonelick, Cowan, Indian, Acton, Loramie and Sinclair.

Jersey City Downs Jets

By THE ASSOCIATED PRESS

Those wandering Marlins—from Miami to San Juan to Charleston, W.Va.—try again tonight to find a home and make it stick when they play their first International League game under the colors of the West Virginia city against Jersey City.

Charleston has given the Marlins a \$1 a year rental plus all the concession money for its 5,000-plus capacity ball park. And the fans will have a team to support that is only one-half game out of first place in the IL.

The rest of the league, in which Jersey City beat Columbus 8-5 in the only game played Thursday night, also feels it will benefit financially. The biggest reasons given for the club's transfer from the Caribbean was the almost-prohibitive cost of air travel and the decrease in visiting club's share of gate receipts because of low attendance.

Jersey City took advantage of three errors for three unearned runs and added four more runs against loser Tom Parsons.

Pennsylvanian Named Clermont Health Chief

BATAVIA, Ohio (AP) — The Clermont County Board of Health has agreed on a new health commissioner, filling a three - month vacancy. Board members said Dr. J. W. Still of Doylestown, Pa., can have the position if he agrees to the board's terms.

RCA To Develop Talking Satellite

WASHINGTON (AP) — The space agency picked Radio Corp. of America today to develop the nation's first active communications satellite in for launching late next year.

The National Aeronautics and Space Administration said it would negotiate the project relay contract of about \$3 million with RCA defense electronics division, Princeton, N. J.

The relay satellite, unlike the Echo satellite which serves as a passive reflector of radio signals, will contain equipment to receive, record and retransmit signals between U.S. stations and stations abroad.

It will weigh about 100 pounds, and will be launched from Cape Canaveral, Fla., by a Delta booster rocket, to an altitude of 3,000 miles.

Cigarette Tax Deduction Bill Is Explained

COLUMBUS, Ohio (AP)—If you and your spouse, between you, smoke three packs of cigarettes a day, you may save about \$12 a year in federal income tax under a bill signed into law by the governor Thursday.

That estimate is based on \$55 a year in state cigarette taxes—at the tax rate of 5 cents a pack—and a U.S. income tax rate of 20 per cent. But to get the saving you must itemize your deductions.

The bill merely revises the wording in the cigarette tax law so that it says the tax is collected directly from consumers. That's the only way a state tax is deductible on federal income tax returns.

Gov. Michael V. DiSalle also signed 12 other acts into law. Among them are acts which:

Permit farmers to use small farm trucks as passenger cars for non-commercial purposes.

Permit the Ohio State University board of trustees to invest in real and personal property.

Require voting machines to have the capacity to accommodate five political parties, rather than nine, as now required.

Permit political subdivisions to issue 20-year bonds for sidewalks, curbs, gutters or street repair or street lighting. Bond limit has been 10 years.

Limit credit for seniority in a fireman's promotional examination to service in the municipal fire department and permit applicants who believe their examinations were graded in error to appeal to a city civil service commission.

Delete a requirement of law that book publishers file copies of their textbooks with the superintendent of public instruction.

Farmer Unearths Mastodon Bones

LEWISTOWN, Ohio (AP) — Indian relics and stones apparently dating to the glacial age have frequently turned up on the farm of Darrel C. Cummins, of near Lewistown in Logan County.

But this week he got the shock of his life. He unearthed the head bones of a mastodon.

Further digging and scraping revealed a giant lower jaw bone, intact with two rows of teeth. A little more excavation turned up the entire upper headbone with huge tusks still attached.

Cummins reported his find to Ohio State University Museum and Logan County officials. Scientists agreed the bones were the remains of a mastodon, one of vast herds which roamed the northern hemisphere during the Pleistocene Period — 10,000 to 25,000 years ago.

'Miss South Central Ohio' May Be Local Woman

That petite young girl next to you drawing no little attention and blossoming with feminine charm may be an as yet uncrowned beauty queen.

That's the word from Laurence Priest, local Jaycees coordinator for the Miss South Central Ohio Beauty Pageant, to be held June 17 in the Chillicothe High School auditorium.

The beauty festival, sponsored

by Chillicothe Jaycees, is the first plateau in the long round of preliminary contest to determine candidates for the annual, Miss America pageant in Atlantic City, N. J.

The Miss South Central pageant is open to all single women, ages 18-28 on Sept. 1, who live in Pickaway, Fayette, Jackson, Pike, Ross or Vinton Counties.

THE ladies must display creative talent as well as "poise, personality, intelligence, charm and beauty of face and figure."

Complete information and entry forms with official contest regulations may be obtained locally from Priest, telephone GR 4-2121 during the day or GR 4-4676 in the evenings. All entries must be made before next Wednesday.

Film Scheduled At Calvary EUB

A film "Crimson Shadow" depicting the devastating onrush of Communism across the world will be shown at the Calvary EUB Church, at 7:30 p. m. Sunday.

The film features Dr. Fred Schwarz, internationally recognized authority on Communism.

Church officials said the films give examples of Red atrocities, and a keen analysis of measures freedom-loving people can take. The public is invited.

He was hospitalized after his return to Hollywood.

The actor's father, Philip Grosel, and Chandler's former wife Marjorie waited at the hospital. Several surgeons attended him.

Chandler, a native of Brooklyn, N. Y., served in the Army during World War II. He hitchhiked to Hollywood after his discharge.

He got several radio acting jobs and his movie career was launched after a studio executive heard him in a radio thriller.

He achieved movie stardom in 1950 as the Indian chief Cochise in "Broken Arrow." A series of hit films followed.

The handsome actor was divorced a year ago after several separations. He has two daughters, Jamie, 14, and Dana, 11.

Life Term Is Handed To Cincy Wife-Slayer

CINCINNATI (AP) — Robert Wayne, 26, of Cincinnati has been sentenced to life imprisonment for the second-degree murder of his estranged wife, Joyce, last January 17. Testimony in the three-day trial revealed Mrs. Wynne, 22, was stabbed 13 times after a quarrel.

Scout Units Set for Check

Troops Assigned For Saturday Duty

Local boyscout units will conduct an auto safety check here Saturday in conjunction with the Pickaway County Traffic Safety Committee and the Circleville Kiwanis Club.

Safety check lanes will be set up on N. Pickaway St., north of the Hargus Creek bridge. The check lanes will remain open from 9 a. m. to 5 p. m. A schedule of the local scout units has been set as follows:

9-11 a. m. Troop No. 155, Dave Amos, scoutmaster, and Explorer Post No. 3, Dick Compton, leader;

11 a. m. to 1 p. m. Troop No. 170, Clark Martin, scoutmaster, and Andy Lorentz, assistant, and Explorer Post No. 4, Merle Thomas, leader;

1-3 p. m. Troop No. 205, Gene Dowler, scoutmaster and Explorer Post No. 84, Emmitt Hinton, leader;

3-5 p. m. Troop No. 323 and 170, William Hoffman, scoutmaster.

Ten points to be checked on each vehicle are brakes, front lights, back lights, steering column, tires, exhaust system, windows, windshield wipers, rearview mirror and horn.

The Ohio Department of Highway Safety has requested that the number of safety belts be recorded.

Members of the local Kiwanis will assist in conducting the check.
